

BAVARIANS DENOUNCE GERMAN IMPERIALISM

Proclamation of Soviet Republic Takes Rap at Elter and Schleidermann for Policies Pursued.

PROCLAIMS A WORLD UNION

Joining With Hungary and Russia Declared to Be Purpose of New Government of Soviet.

By Associated Press

BERLIN, Monday, April 7.—Complaints emanating from the old German imperialism, as declared with its remnants in the Elter-Schleidermann government of Germany and the assumption of a monarchic connection with the Russian and Hungarian peoples, are condemned in the proclamation of the new government of the Soviet Union, which goes into effect Saturday morning. Long live the world revolution, the proletarian consciousness, the best of the documents reads:

The decision arrived at for Bavaria is the formation of a council of the republic of revolutionary workers and peasants of Bavaria, including all our brothers now under separation by no party laws. From now on no explanation or suppression of the socialist movement. The leadership of the proletarian mass has become fact; the realization of a genuine socialist community must be achieved in which every working man participates in public life and in a just socialist state.

The binding has been dissolved and the old ministry rejected. The pax' commissioners, responsible to the people and chosen by a committee of the working people will receive extraordinary powers to collect un-employed in certain labor fields. Their assistants will be intelligent men from all of the revolutionary and socialist community. Countless valuable forces of officialdom, especially from the lower middle official class, will be asked to co-operate in the new work. The bureaucratic system will be absolutely eliminated and the press will be socialized.

As a protection for the Bavarian council, the regular army against revolutionary attacks from without and within a red court will be created immediately and a revolutionary court will pursue ruthlessly.

The government of the Bavarian council republic follows the example of the Hungarian and Russian peoples. It will resume immediately a brotherly connection with these peoples, but it declines any connection with the contemptuous Elter-Schleidermann government.

Tonight the Tigert Memorial church, 50 North Main street, there will be a meeting of all the committees to serve as solicitors for the funds that are needed to finance the project. There are to be of these wide, awake citizens and every person in the community will be given an opportunity to contribute to an cause that is the next step in Tulsa's great wheel of civic righteousness.

ENEMY OF U. S. NAMED MEXICAN TREASURY HEAD

WASHINGTON, April 8.—State department officials are much interested in news from Mexico City today that Luis Cabrera has been appointed by President Carranza to succeed Rafael Nieto as head of the treasury. It is understood the change has been contemplated.

Nieto has just returned to Mexico City after a fruitless effort to secure a loan for his government from New York bankers.

Cabrera is regarded in Washington as one of the bitterest enemies of the United States in Mexico.

During the revolution Cabrera was America endeavoring to align the Latin republics in a policy of neutrality with Mexico where the German minister, von Eckhardt, was conducting his anti-American activities.

During the revolution Cabrera was close to Carranza and it is attributed largely the adoption of a new constitution which permitted the "confederation" of practical and theoretical with the United States, British and French governments have protested and which is now the point of issue between these countries and Mexico. Cabrera was a member of the Mexican commission that came to the United States at the time of the A. R. C. conferences. At Atlantic City he conduct there so aroused Judge Gray and Secretary Lane that the negotiations were for a time suspended.

The plaintiff was also allowed judgment for \$19,43 as to the alleged unlawful excess levy made against the railroad property in Sand Springs.

This is the first ruling of Tulsa county judges now in office with reference to number of suits filed against the county treasurer to compel return to railroad companies of taxes assessed and collected under the excess levies authorized by the county excise board.

The railroads have protested against paying excess levies both in county, township and city taxes.

NEW TIGERT CHURCH TO OVERLOOK TULSA

Site Purchased for \$200,000—Community Center Structures—Topping Northside Hill.

Topping the hill that overlooks the entire city of Tulsa at the corner of Detroit and Grand is to be erected the long-talked of community social center church, which is being promoted by the members of the Tiger Memorial Methodist church.

This location has just been purchased and is without doubt the one place on the hill most suitable for such a structure. It is only a few blocks from the rapidly growing Kenwood addition and the many beautiful homes that surround the Country club and at the same time is only a stone's throw from the north side residents who live in the valley beyond the Frisco tracks.

The purchasers were particularly pleased with this spot as it is the principal street on this side of the city and is only one block from the main street leading to the Texas addition. It is the desire of Mr. and Mrs. Harold C. Cooke to have the church completed as soon as possible.

The building will be a modern structure of steel and concrete, with a capacity of 1,500 persons. The cost will be \$200,000, which will be obtained from the sale of the land and the contributions of the members.

MEMPHIS ARE wanted to serve aboard U. S. mine sweepers and examinations will be held under civil service rules here May 5. Full information can be obtained from R. C. McCline at the federal building.

The building site is 158 feet deep by 126 1/2 and will be the home of a magnificent building costing \$200,000, which is designed to supply the needs of cosmopolitan Tulsa. It is therefore expected that every citizen, particularly those living on the north side, will enter heartily into the activities that are to promote the cause of this monumental structure.

Tonight the Tiger Memorial church, 50 North Main street, there will be a meeting of all the committees to serve as solicitors for the funds that are needed to finance the project. There are to be of these wide, awake citizens and every person in the community will be given an opportunity to contribute to an cause that is the next step in Tulsa's great wheel of civic righteousness.
